

Nicole Thiessen has been with the Station Arts Centre in Rosthern for 12 years, as the Director of Programming and now as the Executive Director. With a BFA in painting and background in public programming at museums and galleries, Thiessen has found working with the Arts in her rural community of Rosthern extremely fulfilling. “I love seeing people in our region come together to experience and be lifted up by inspiring shows and arts activities. It is why we do what we do.” Serving on OSAC’s Board of Directors, Thiessen has enjoyed being able to contribute to and connect with the work being done by arts councils across the province.
