

I have been a member of the Melville Arts council since 2015 and on the Board of Directors for OSAC since 2022. During the day you will find me at school where I have been an educational assistant for 23 years.

When I am not at work during the summer I'm at lake and in the winter I can be found at the Curling rink. I look forward to continuing my experience working with the rest of the board and staff of OSAC.
