

My name is Robyn Lang. I currently reside in Melville and have been a member of the Melville Arts Council since 2015. I have been nominated for a second, two year term directors position. I have been involved with the arts from a young age and believe that all aspects of the arts are an important part of our communities and can be a great outlet for many people. I have been involved in selecting our Stars for Saskatchewan Concerts at Showcase, and working to organize our venue for the performance. Our Arts Council puts on a Dinner Theatre every year in which I am an active participant in one form or another. I have served terms on our local Curling Club board two of them as treasurer, during which time we hosted three Provincial playdowns. I was head of the Volunteer Committee for two and dealt with the finance side of things for one. I served as Secretary for our local Legion Branch for close to 10 years. I am also currently a member of our Recreation Board in Melville. During the day I am employed at one of local elementary schools as an Educational Assistant and find that work very rewarding. In remaining on the OSAC board I believe I can help to continue the work of the past directors as well as bring a new and fresh perspective to the table. It will be a pleasure to remain on the board and I look forward to meeting the current and new members.
