

I'm pleased to be entering into my second term as an OSAC Director.

I am an active member of the Weyburn Arts Council (WAC), having served as Chair/Co-Chair for four years. Through WAC, I have the opportunity to volunteer and participate in many cultural and community events throughout the year.

After selling my bath and body company in 2023, I became employed in the Arts. I am privileged to work at a local art studio, where I am able to instruct workshops and be immersed in art every day. I often say I feel like a professional athlete, as I get paid to play.

I look forward to the next two years of representing the OSAC Membership.
